### **Duell Wealth Preservation’s Business Continuity Planning**

Duell Wealth Preservation (DWP) has developed a Business Continuity Plan on how we will respond to events that significantly disrupt our business. **Our Business Continuity Plan** – We plan to quickly recover and resume business operations after a significant business disruption and respond by safeguarding our employees and property, making a financial and operational assessment, protecting the firm’s books and records, and allowing our customers to transact business. In short, our business continuity plan is designed to permit our firm to resume operations as quickly as possible, given the scope and severity of the significant business disruption.

Our business continuity plan addresses data backup and recovery; all mission critical systems; financial and operational assessments; alternate communications with customers, employees, and regulators; alternate physical location of employees; critical supplier, contractor, bank and counter-party impact; regulatory reporting; and assuring our customers prompt access to their funds and securities if we are unable to continue our business.

Our main clearing firm, Axos, backs up our important records in a geographically separate area. While every emergency poses unique problems based on external factors, such as time of day and the severity of the disruption, we have been advised by our clearing firm that its objective is to restore its own operations and be able to complete existing transactions and accept new transactions and payments within 4 hours. Your orders and requests for funds and securities could be delayed during this period.

**Varying Disruptions** – Significant business disruptions can vary in their scope, such as only our firm’s office, the city where we are located or the whole region. Within each of these areas, the severity of the disruption can also vary from minimal to severe. In the event of a significant business disruption, we have plans to place to move to a back-up location or remote locations as necessary. In either situation, we plan to continue in business, transfer operations to our clearing firm if necessary, and notify you through our website <https://www.garyduell.com/> or our customer emergency number, 503-698-1110 how to contact us. If the significant business disruption is so severe that it prevents us from remaining in business, we will assure our customer’s prompt access to their funds and securities.
